Are you ready for another exciting Open Shop with Hot Dogs, Swap and Shop, and Tips and Tricks Super Thursday on June 26th?

Starting at 3 PM until 6 PM our Open Shop will be your opportunity to visit with our Mentors and learn hands on about the things in which you are interested. There will be a number of lathes stationed about our meeting room with someone who can help you with just about **anything you want to learn**. There will be a couple of sharpening stations with Mentors to help with your tool grinding issues. Several lathe stations with Mentors will feature everything from bowl techniques, skew techniques, spindle issues, hollow form techniques, segmented turning issues, and much, much more.

Hot Dogs and drinks will be available for purchase to ward off that nagging hunger you might get during the long special day.

Got surplus tools, and any item of value that you don't need any more? Put a price on them and offer them for sale during the Open Shop or the meeting to follow.

... making Good Shavings

- Our upcoming meeting promises to be an event you don't want to miss. We will be starting at 3pm with an Open Shop where you can get your turning questions, whether large or small, answered by a knowledgeable mentor. Seven lathes will be set up to allow hands on training along with a couple of grinding stations for help with that ever important tool shaping and sharpening. We will be concentrating on bowl turning from the log to the table but any turning question is fair game. Don't worry about dinner as our vice presidential HOT DOGS will be available for \$1 each and also chips and drinks. Please bring change for these purchases. We will stop at 6pm to set up for our meeting. See the newsletter article for more information.
- Concurrently with the Open Shop will be a Swap Meet. Bring wood working tools, machines, or material and see if anyone would like to buy or swap for it. Swapping and bartering will also be available during the break period.
- This meeting will be different than most, not only because of the Open Shop but we are going to give away two SWAT registrations and banquet tickets. SWAT provides one registration for a turner who has never been to a SWAT symposium and wishes to go this year. In addition, our club provides a ticket for the Saturday night banquet. The winner will be chosen by a drawing of eligible club members. The second registration and banquet ticket is provided by our club for any club member who will go to SWAT and will also be determined by a drawing. In both cases the winners will be responsible for their transportation, lodging and evening dinner(s) excluding Saturday's banquet. See Bob Clark's SWAT section of this newsletter.
- We will be changing the meeting order this month with announcements followed by our critique session. The critiques are meant to help the turner with positive feedback about form and finish. We all started the same way so don't be ashamed to bring in anything you turned. After the critique will be a break, then our demonstration of Tips and Tricks followed by the Bring Back raffle.
- We will be passing the sign-up sheet for our Empty Bowls Bowl of the Month program. We need many more turners to help with this very important program.
- See you at 3pm Thursday and be safe. We do not need any new "safety coordinators".

WNT Super Thursday... (continued from page 1)

At 6:30 PM the WNT program for the evening will feature **Tips or Tricks** our members think others might like to use. We all have some idea or item we can show to others that would make their woodturning experience better. **Help us celebrate the experiences you have had in your woodturning adventure.**

Who's Up For A Challenge?

The participation in the Challenges has been great. We have lots of talent in our club and it's great seeing what you guys can accomplish. The rolling pins that were shown were great. Some of the rolling pins were similar in design, but all had that personal touch that made them unique. Dr. Gill's rolling pin with the dough thickness disk on each end was something I had never seen before, and I can see how a baker would find it very useful. There were fat rolling pins, skinny rolling pins, and tapered rolling pins. All were done well and were designed for a specific use. I have to give special notice to John Lauderbaugh's segmented rolling pin. It was absolutely beautiful. Good job, John.

I'm looking forward to seeing what y'all came up with on this month's challenge. There are a lot of ways to turn that block of cherry into a hollow form and I'm looking forward to seeing how each person approached the project. We didn't have quite enough cherry blanks to go around so I didn't turn anything for this challenge.

This month's meeting will be fun. We've got the Open Shop starting at 3 o'clock, the tool swap for anyone wanting to thin out unused tools, and the regular meeting with an encore presentation of the Tips and Tricks demo.

Just a reminder that there will be hot dogs, drinks, and chips available.

See you on Thursday.

Bob Wiggins

“Bring Back” Drawing Winners

Don't forget that if you were a winner of any item in the previous month's drawing, you are obligated to bring a replacement item for the “Bring Back” drawing the following month. Winners of any item should bring back a replacement turned item of their own creation to the next meeting. If you have fallen behind in bringing a replacement item for the “Bring Back” drawing, now is the time to make up for any items that you owe.

Beads of Courage

Beads of Courage is a nationwide-wide program to provide motivation and encouragement to youngsters by recognizing significant milestones in a child's progress through the treatments necessary in their fight against illnesses like cancer, heart disease, burns, etc. You can view the full Beads of Courage story at Beads of Courage home page at. <http://www.beadsofcourage.org/>

Beads of Courage started at SWAT in 2010 as the inspiration of the good folks at Wood World, and owner Craig Fyock in particular. This is a project done almost entirely by the **SWAT** Vendors with attendees contributing boxes for a contest. After **SWAT**, the boxes are donated to [Beads of Courage](#) to be distributed to the kids. The Vendors solicit for the prize fund and do the judging of the entries. For details go to the **SWAT** website at <http://www.swaturners.org> under Symposium Information/Beads of Courage.

The response from the turners presenting boxes was outstanding in 2013 with over 100 pieces being donated. Seventeen Vendors contributed to the prize fund and the dollar value of those contributions was more than \$1,500. Perhaps most significant is that we believe this was the single largest contribution of boxes in the history of the Beads of Courage program!

SWAT 2013 DVD's will be available at the symposium to individuals for \$60

Be sure to take advantage of EARLY REGISTRATION!!
